MEMORANDUM FOR: Executive Director-Comptroller

SUBJECT : Publications Survey

1. I thought you might be interested in some of the benefits of the Publications Survey that were purposely not pointed up in the survey report since, as you know, we much prefer to see corrections made 'voluntarily' by the component than by directive.

2. The following actions were taken after the survey was announced and prior to the final report:

Directorate of Intelligence

a. A system was set up by the DDI to enable him to know promptly and in advance of publication of all requests for memoranda and actions planned of an urgent, ad hoc nature.

b. An orderly system was established to keep the DDI informed of less urgent ad hoc work planned, underway, and finished in order to prevent duplication and overlapping of reporting.

c. The following categories of publications were eliminated:

- (1) Intelligence Studies
- (2) Intelligence Briefs
- (3) Intelligence Research Aids

d. The DCI's Checklist on Vietnam was discontinued since the Vietnam Sitrep is identical.

e. The ORR publication series Current Support Brief and Research Aid are eliminated.

f. As important as a. through e. above is the extent of study which the DDI made or is making on all its publications.
